

Review Form 3

Journal Name:	Microbiology Research Journal International
Manuscript Number:	Ms_MRJI_129582
Title of the Manuscript:	Formulation of foxtail millet probiotic powder enriched with high protein and fibre
Type of the Article	Original Research Article

PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	The manuscript is of scientific significance as it highlights the standardization method of millet based probiotic powder. The study is innovative and important as it focuses in improving the functional value of the foxtail millet. Thus, due to its importance and innovation, the manuscript is relevant and use for nutrition researchers as well as other scientific community.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes, the title of the article is suitable.	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Yes, the abstract is comprehensive. There is no need to mention the design, place and duration of the study under a separate heading, thus, it can be omitted from the abstract section and can be written in detail in materials and methods section.	
Is the manuscript scientifically, correct? Please write here.	Yes, the manuscript is scientifically correct.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Yes, the references are sufficient and recent.	
Is the language/English quality of the article suitable for scholarly communications?	Yes, the language quality of the article is suitable for scholarly communications.	
<u>Optional/General</u> comments	The manuscript is good and well presented in scientific perspective. The author's research is worth of appreciation.	

PART 2:

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
