Review Form 3

PART 1: Comments

	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	numerous drawing out techniques, including cold extraction, microwave-assisted extraction (MEA), and ultrasonic-assisted extraction (UAE), have been widely used to maximize the yield of these bioactive compounds. These methods are effective in isolating the highest percentage of the seed's chemical constituents. Nigella sativa has established amazing medicinal properties, chiefly in its ability to combat various types of cancer such as blood, skin, cervical, colon, liver, prostate, breast, and kidney cancers. Beyond cancer treatment, the seed extract, oil, and whole seeds have shown effectiveness in managing conditions like oxidative stress, hypertension, diabetes, ulcers, epilepsy, fatty liver, asthma, arthritis, and inflammatory diseases. Furthermore, Nigella sativa also shows potential in treating parasitic infections.	
Is the title of the article suitable? (If not please suggest an alternative title)	suitable	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	suitable	
Is the manuscript scientifically correct? Please write here.	correct	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	sufficient	
Is the language/English quality of the article suitable for scholarly communications?	good	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
