Peer review Comments Approval Policy: <https://r1-reviewerhub.org/peer-review-comments-approval-policy/>

Benefits for Reviewers: <https://r1-reviewerhub.org/benefits-for-reviewers>

### Review Form 3

#### PART 1: Review Comments

<b>Compulsory</b> REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	Potato is a major Cash & Food Crop in South Asian countries including India & Pakistan. A rich and cheap source of Vitamin, Protein and other mineral elements. Planting potato using INM strategy has a major significance being a sustainable approach both economically and environmentally that improves yield per unit area without damaging natural resources.  <b>SEE ATTACHMENT</b>	
Is the title of the article suitable? (If not please suggest an alternative title)	Title is Ok	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Abstract is fine	
Are subsections and structure of the manuscript appropriate?	In Introduction section; Give a paragraph briefly representing the Importance of Potato crop in India? Especially in Telangana state? Its total area under cultivation, average yield per acre?  Briefly explain the major objectives of this study? What was the major purpose behind this research study?	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	Scientifically this manuscript represents the importance of Potato cultivation by using Integrated Nutrient Management strategy that is sustainable approach. Potato has been a major food crop for resource poor farmers and a good source of livelihood especially in South Asia including India & Pakistan.  This manuscript lack few major aspects in different sections which have been mentioned here. So unless it is revised and fulfil the areas of concern mentioned as correction, it is not fit for publication without making some major corrections.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Reference should be latest. Replace all the citations of 90's era with literatures published after 2000.	
<b>Minor</b> REVISION comments		
Is the language/English quality of the article suitable for scholarly communications?	It has grammatical & spelling mistakes, and sentence sequence is not clear. Needs improvement.	
<b>Optional/General</b> comments	This manuscript needs Serious Corrections. It is unfit for publication without making Suggested Revisions & Corrections	

#### PART 2:

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
