

### Review Form 3

Journal Name:	<a href="#">Journal of Advances in Biology &amp; Biotechnology</a>
Manuscript Number:	Ms_ JABB _124843
Title of the Manuscript:	<b>Studies on the Effect of Integrated Nutrient Management in Growth of Potato (Cv. Kufri Chandramukhi) Cultivation Under Telangana Conditions</b>
Type of the Article	Research Article

#### **General guidelines for the Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guidelines for the Peer Review process, reviewers are requested to visit this link:

<https://r1.reviewerhub.org/general-editorial-policy/>

#### **Important Policies Regarding Peer Review**

Peer review Comments Approval Policy: <https://r1.reviewerhub.org/peer-review-comments-approval-policy/>

Benefits for Reviewers: <https://r1.reviewerhub.org/benefits-for-reviewers>

### Review Form 3

#### PART 1: Review Comments

<b>Compulsory</b> REVISION comments	<b>Reviewer's comment</b>	<b>Author's Feedback</b> (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.</b>	Integrated Nutrient Management (INM) is vital for potato cultivation as it enhances soil health and promotes sustainable agricultural practices. By combining organic and inorganic fertilizers, INM improves nutrient efficiency, leading to higher yields and better-quality potatoes. It also strengthens plants against pests and diseases, contributing to their resilience. Furthermore, INM helps protect the environment by minimizing nutrient runoff, making it an essential strategy for sustainable farming and economic viability.  <b>SEE ATTACHMENT</b>	
<b>Is the title of the article suitable? (If not please suggest an alternative title)</b>	Yes	
<b>Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.</b>	Needs to revise by following guidelines of the journal.	
<b>Are subsections and structure of the manuscript appropriate?</b>	No, follow the journal pattern	
<b>Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.</b>	What is the source of organic NPK with micronutrients, organic NPK, organic phosphorus and organic potash?	
<b>Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.</b>	Please add the references suggested [26, 27, 28, 29]	
<b>Minor</b> REVISION comments		
<b>Is the language/English quality of the article suitable for scholarly communications?</b>	Improve language and avoid spelling mistakes	
<b>Optional/General</b> comments		

#### PART 2:

	<b>Reviewer's comment</b>	<b>Author's comment</b> (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Are there ethical issues in this manuscript?</b>	(If yes, Kindly please write down the ethical issues here in details)
