

Review Form 3

Journal Name:	Journal of Cancer and Tumor International
Manuscript Number:	Ms_JCTI_129422
Title of the Manuscript:	The Role of Bioelectric Signals in Cancer Genome Regulation and Potential Therapeutic Implication: An Overview
Type of the Article	Review Article

General guidelines for the Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guidelines for the Peer Review process, reviewers are requested to visit this link:

Review Form 3

PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	Like the authors rightly said, bioelectrical signals are integral to cancer biology, influencing genome regulation and offering significant therapeutic and diagnostic potential. This overview rightly summarizes the role of bioelectric signaling in oncogenesis, highlighting possible therapeutic implications.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes, it is.	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	The abstract is good.	
Is the manuscript scientifically, correct? Please write here.	Yes.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	The references are sufficient and recent.	
Is the language/English quality of the article suitable for scholarly communications?	Yes.	
Optional/General comments	The author(s) need to show a figure of dysregulated ion channel. The author(s) need to properly number their topics and subtopics in an orderly fashion. Check for any and all inconsistencies in the references. If any part or figure is taken from any other source, then it should be mentioned in the references. Author(s) need to correct grammatical errors before sending the final camera ready paper to the Chief Editor. The author(s) need to clearly state the limitation of the study, recommendation and future scope.	

PART 2:

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
