

Review Form 3

Journal Name:	Asian Journal of Advances in Agricultural Research
Manuscript Number:	Ms_AJAAR_129513
Title of the Manuscript:	Effect of goat breeds on the milk composition under climatic conditions of Bhandarej tahsil of Dausa district Rajasthan
Type of the Article	Research

PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	Most research focuses on goat milk as it is better than cow and sheep milk and can be consumed by human children. Therefore, the components of milk, such as fats, proteins, and other components such as minerals and nutrients, are compared between breeds to determine the best type that produces milk with high quality and abundant quantity.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	The abstract is good, it just needs to arrange the writing of the years.	
Is the manuscript scientifically, correct? Please write here.	Yes, the manuscript is scientifically correct and the number of samples studied is very excellent.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	References are good but more recent sources could be added to support the research results.	
Is the language/English quality of the article suitable for scholarly communications?	The quality is good, however some sentences could be revised for grammar and spelling.	
<u>Optional/General</u> comments	The large number of samples taken within this manuscript gives great support to the results obtained and increases the quality of the manuscript.	

PART 2:

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<u>Are there ethical issues in this manuscript?</u>	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
