

Review Form 3

Journal Name:	Asian Journal of Advanced Research and Reports
Manuscript Number:	<u>Ms AJARR 129059</u>
Title of the Manuscript:	<u>THERAPEUTIC POTENTIAL OF Gongronema latifolium AND Ocimum gratissimum ON LIVER AND KIDNEY FUNCTIONS OF ALLOXAN-INDUCED DIABETIC RATS EXPOSED TO CARBON TETRACHLORIDE</u>
Type of the Article	

PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	The study of the therapeutic potential of Gongronema latifolium and Ocimum gratissimum on liver and kidney functions in alloxan-induced diabetic rats exposed to carbon tetrachloride (CCl ₄) is of significant importance. Diabetes and oxidative stress induced by CCl ₄ are known to exacerbate hepatic and renal dysfunction, leading to severe complications.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Indeed, the topic is comprehensive as it integrates multiple critical aspects of biomedical research, including the interplay between diabetes, oxidative stress, and organ toxicity.	
Is the manuscript scientifically, correct? Please write here.	This is not only validates traditional medicinal practices but also contributes to the development of plant-based adjunct therapies for complex metabolic and toxicological conditions.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Kindly add the more reference & citation should be in as they appear & follow the reference as per the journal.	
Is the language/English quality of the article suitable for scholarly communications?	Can be improved.	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
