

Review Form 3

Journal Name:	European Journal of Nutrition & Food Safety
Manuscript Number:	Ms_EJNFS_129364
Title of the Manuscript:	Effect of chitosan-based edible films on the storage quality of ready-to-eat paneer
Type of the Article	Original Research Article

PART 1: Comments

	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	Several packaging technology had successfully applied for extending the shelf life of <i>paneer</i> . But the component used for packaging of paneer are not biodegradable in nature. Hence, the idea of developing eco-friendly, biodegradable and edible packaging materials to preserve the characteristic qualities of ready-to-eat paneer while extending its shelf life is able to generate interest within the food sectors in this regard.	
Is the title of the article suitable? (If not please suggest an alternative title)	As the aim of the study is to find the effect on sensory and microbiological characteristics of chitosan film packed ready to eat paneer during storage at different temperatures. Though, apart from sensory and microbiological changes, there are several physico-chemical changes take place with time during storage. Instead of storage quality of ready-to-eat paneer , may be written as Effect of chitosan-based edible films on the sensory and microbial quality of ready-to-eat paneer during storage	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Abstract is comprehensive.	
Is the manuscript scientifically, correct? Please write here.	Yes	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Yes	
Is the language/English quality of the article suitable for scholarly communications?	Yes	
Optional/General comments	The last paragraph of introduction may not require in introduction. It may be suitable in result and discussion part to correlate with the results of the study.
