

Review Form 3

Journal Name:	Microbiology Research Journal International
Manuscript Number:	Ms_MRJI_129397
Title of the Manuscript:	EVALUATION OF THE MICROBIOLOGICAL QUALITY OF BATHING WATERS IN THE MAMOU REGION (REPUBLIC OF GUINEA)
Type of the Article	ORIGINAL RESEARCH ARTICLE

PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	Authors investigated the microbiological quality of bathing in some communities. This article will enhance readers understanding on the likelihood illness they might contract bathing with these waters. Therefore, the manuscript will be of interest to the community.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Requires improvement in terms of logical flow and punctuation.	
Is the manuscript scientifically, correct? Please write here.	It is scientifically correct but requires substantial improvement	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	I strongly recommend authors to incorporate the literature from the following articles into their introduction and discussion to improve their MS <ol style="list-style-type: none">Assessment of Bacteriological Quality of Tono and Veia Dams Water in the Upper East Region, Ghana (DOI: 10.9734/BMRJ/2015/14746)Effect of abattoir wastes on stream quality in the Bolgatanga municipality, Ghana-west Africa(https://doi.org/10.5897/AJMR2018.8941)Potential Infections Linked to the Microbiological Quality of Swimming Pools _Kumasi, Ghana, West Africa (DOI: 10.9734/BMRJ/2016/24125)	

Review Form 3

<p>Is the language/English quality of the article suitable for scholarly communications?</p>	<p>The Language requires improvement</p>	
<p>Optional/General comments</p>	<ol style="list-style-type: none"> 1. Please write WHO, EI, and <i>E. coli</i> in full at first use and abbreviate in subsequent ones 2. “According to [2].....” When citation in form is used, the author’s name is written before the reference number. E.g According to Leen et al.[5] or Leen [5] or Leen and Sandi.[5] Please correct all these in the manuscript 3. Study area: It is appropriate for the author to add the maps of the study area 4. Please consider adding citations to your methods 5. Which points were the sampling done? 6. Table 3: Please check the spelling of Number 7. There are many abbreviations that are not defined at first cite. Please carefully check and define all of them 8. Our data were close to those obtained by [10] ? check comment 2 9. « world body in charge of the health system » Please mention the name of the body 10. streptococci observed from samples taken in Cameroon by [11]. Please remove « by » 11. Please improve on the grammar and punctuation of the MS 	

PART 2:

	<p>Reviewer’s comment</p>	<p>Author’s comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</p>
<p>Are there ethical issues in this manuscript?</p>	<p><i>(If yes, Kindly please write down the ethical issues here in details)</i></p>
