

Review Form 3

Journal Name:	International Journal of Plant & Soil Science
Manuscript Number:	Ms_IJPSS_129602
Title of the Manuscript:	Micronutrient status in Rice growing Alluvial soils of delta area of Krishna district, Andhra Pradesh
Type of the Article	Research article

PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	<p>Definitely the manuscript is suitable for the scientific community.</p> <ol style="list-style-type: none"> 1. The depletion in micronutrient status is very much important in rice-rice cropping system. 2. As per the status of micronutrient further addition can be done for potential yield. 3. The relation of micronutrients with other parameters also studied which is essential. 4. Become a base for further study. 	
Is the title of the article suitable? (If not please suggest an alternative title)	No, not at all. Actually the test area is only rice growing or other cereals are taken up that is little bit confusing.	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Abstract is not at all comprehensive. The writing pattern is poor.	
Is the manuscript scientifically, correct? Please write here.	<ol style="list-style-type: none"> 1. Though the manuscript is scientifically correct, but it should be more pertinent. 2. The writing pattern is very poor. 	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	References are not sufficient. Please add recent references.	
Is the language/English quality of the article suitable for scholarly communications?	<p>Language should be improved as per the quality of the journal.</p> <p>2. Many places the writing pattern should be improved.</p>	
<u>Optional/General</u> comments	<p>Conclusion is missing. This section is missing in the manuscript</p> <p>PLEASE SEE ATTACHMENT</p>	

PART 2:

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
