

Review Form 3

Journal Name:	Journal of Cancer and Tumor International
Manuscript Number:	Ms_JCTI_129648
Title of the Manuscript:	Inverted papilloma of the bulla ethmoidalis: An uncommon epicenter for a benign yet aggressive tumor
Type of the Article	Case report

PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	The diagnosis of inverted papilloma can be particularly challenging when the tumor occurs in uncommon locations or in its early stages. Radiological findings alone are often insufficient for an accurate diagnosis. A combined approach, integrating endoscopic examination, histopathological analysis, and radiological imaging, is essential for the early and precise identification of the disease.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes.	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	yes	
Is the manuscript scientifically, correct? Please write here.	yes	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	yes	
Is the language/English quality of the article suitable for scholarly communications?	yes	
Optional/General comments	<input type="checkbox"/> Do the authors have details regarding previous sinonasal surgery? Given the recurrence rate of inverted papilloma, do the authors consider the possibility of recurrence when diagnosing the condition? <input type="checkbox"/> Was there any evidence of prior surgery in the CT or endoscopic studies? <input type="checkbox"/> MRI provides specific findings; including a description of general findings in the discussion would enhance the comprehensiveness of the manuscript. <input type="checkbox"/> Please include a brief description of histopathological findings of your case.
