Peer review Comments Approval Policy: <https://r1.reviewerhub.org/peer-review-comments-approval-policy/>

Benefits for Reviewers: <https://r1.reviewerhub.org/benefits-for-reviewers>

### Review Form 3

#### PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<b>Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.</b>	The choice of media depends on the type of seed, environmental conditions, and the specific needs of the plant species. A well-chosen media can significantly enhance germination rates and seedling vigor.	
<b>Is the title of the article suitable? (If not please suggest an alternative title)</b>	Suitable	
<b>Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.</b>	Abstract is written properly.	
<b>Is the manuscript scientifically, correct? Please write here.</b>	Writing of manuscript is not satisfactory because in introduction you have mention that the present study was initiated to find out seed germination and seedling growth of papaya in GA3 and cow urine with different media filled in plug trays. While in treatment detail, you have mention only media name. Plz check what is the object of study. While writing material method plz mention how many polybags were filled to reach treatment.	
<b>Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.</b>	References should be written as per journal. Do correction it is red mark.	
<b>Is the language/English quality of the article suitable for scholarly communications?</b>	Language written is good	
<b>Optional/General</b> comments	<b>Do correction which are red marked</b> <b>PLEASE SEE ATTACHMENT</b>	

**Commented [PP1]:** in treatment no GA3 and cow urine not mention check treatment details in material method

#### PART 2:

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<b>Are there ethical issues in this manuscript?</b>	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
