Review Form 3

PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	This manuscript underscores flavonoids' importance in the prevention and management of breast cancer, providing a comprehensive overview of their antioxidant, anti-carcinogenic, and therapeutic potential. It elaborates on critical mechanisms, such as their ability to mitigate multidrug resistance and influence key biological pathways in breast cancer progression. These findings offer significant insights into the relationship between nutrition and cancer biology, paving the way for potential dietary strategies and adjunctive therapeutic applications to improve breast cancer outcomes.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Yes	
Is the manuscript scientifically, correct? Please write here.	Yes	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Yes	
Is the language/English quality of the article suitable for scholarly communications?	The language of the manuscript still needs to be refined for clarity, precision, and coherence.	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
