Review Form 3

PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	The experiment idea is very good, but the author did not pay attention to important details such as the type of analysis and design used in the experiment and comparison between years. We didn't know, is this significant difference or no.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes.	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Need to addition some information as what is the design and analysis are used in this study. How many replication of samples.	
Is the manuscript scientifically, correct? Please write here.	Yes, but need to add type of test, and reword of discussion.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	There are no some references in references list.	
Is the language/English quality of the article suitable for scholarly communications?	Yes.	
<u>Optional/General</u> comments
