

Review Form 3

Journal Name:	Journal of Experimental Agriculture International
Manuscript Number:	Ms_JEAI_129471
Title of the Manuscript:	Factors Influencing the Adoption of Climate Resilient Technologies in Semi-Arid Regions: Insights from NICRA in Samba District, Jammu and Kashmir
Type of the Article	Original Research Article

PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	The impact of climate change and variability on the food crops is likely to be inevitable and the world should focus on reviving the agricultural practices and this manuscript had focussed on this issue and provided impactful inputs for the policy formulations by the governing body.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes, the title is highly suitable.	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	The abstract is brief and clearly written, no suggestions for any changes.	
Is the manuscript scientifically, correct? Please write here.	Yes, the study discusses the various factors that influence the adoption of climate-resilient technologies, focusing on the results of the NICRA that have been implemented in the study area, which highly helps the policymakers gain additional knowledge about the ground-level adoption level.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Though the references cited are sufficient and recent in the content part, they are not added to the references part. Many citations quoted in the script are not available in the reference part. Urban 2023, Aafaw 2016, Di faleo 2011, Bryan 2013, Alta 2022, Franke 2018, Arslan 2020 are missing in the references list. And few have to be removed which is not cited in the content part.	
Is the language/English quality of the article suitable for scholarly communications?	Yes, the script is written clearly and can be easily understood by the readers	
<u>Optional/General</u> comments	Punctuation marks in the citations to be checked and corrected. Correct expansion of NICRA to be written. The author should expand the shortened words in the script (eg. Teh, distt, govt.) Alignment of the paper to be checked.
