PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	In the context of troubles brought by climatic changing, desertification is more and more accentuated in the sub-Saharan Region. In Cameroon, government put in place some fighting methods like reforestation. The study is in close collaboration with the government's objectives as well as the main COP resolutions aimed to reducing the impact of pollution through carbon sequestration.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes the title is suitable.	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	The abstract is comprehensive but author insisted only on the context and methodology and omitted to present the conclusion.	
Is the manuscript scientifically, correct? Please write here.	Yes, the manuscript is scientifically correct.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	The references are sufficient but too old for an original work.	
Is the language/English quality of the article suitable for scholarly communications?	The language of article is suitable for scholarly communications.	
Optional/General comments	<p>Authors must follow the guideline for presenting references.</p> <p>There are not competing interest in this manuscript.</p> <p>There are not ethical issues in this manuscript.</p> <p>No, plagiarism is not suspected.</p>
