#### PART 1: Review Comments

<b>Compulsory</b> REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	It is a study attempted with a fair objective. The study is required in the geographical region where less scientific evidences are present and the healthcare system is quite poor. The methods need to be improved and so does the writing style of a scientific manuscript needs improvement. I can see a lot of redundant statements (results repeated in discussions rather than discussing the results summary, the results are repeated. Needs modification. Professional editing would be ideal.	
Is the title of the article suitable? (If not please suggest an alternative title)	Seems okay  SEE ATTACHMENT
