

Review Form 3

Journal Name:	Journal of Advances in Biology & Biotechnology
Manuscript Number:	Ms_JABB_125046
Title of the Manuscript:	Frequency of Uropathogenic Bacteria in Patients who came for Consultation to the National Reference University Hospital Center of N'Djamena (CHAD)
Type of the Article	Original Research Article

PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	Antibiotic resistance is a global concern now a days. Antibiotic sensitivity profile should be checked in different regions and countries to evaluate the percentage rate of uropathogens. The patients of UTI are becoming high in many countries due to several reasons. So I found this study helpful for the UTI patients which would help the practitioners to improve the treatment procedures	
Is the title of the article suitable? (If not please suggest an alternative title)	No Analysis and prevalence rate of uropathogens in UTI patients who came for consultation to the national reference university hospital center of n'djamena (chad)	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	No, the abstract should be more specific, major informations are mission there. Antibiotic sensitivity test results were not included In the manuscript, I mentioned some points in the comment box	
Is the manuscript scientifically, correct? Please write here.	It is scientifically correct, but the sample size is very small, and the data is not rich enough to publish	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	No, references were not enough. In discussion, more references should be added	
Is the language/English quality of the article suitable for scholarly communications?	Yes (Moderate)	
<u>Optional/General</u> comments		

Review Form 3
