Review Form 3

PART 1: Comments

	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	India, being the largest pulses and as well as black gram producing country in the world, and importance of this pulse, the research on improvement of black gram production by efficiently reducing the effect of weeds on yield is the need of the hour now. Govt. of India also announced National Food Security Mission (NFSM) is a program that aims to increase the production of pulses in the country. Keeping in view of the above, the research on "Assessment of herbicide for effective weed management in blackgram under irrigated conditions" will get attention from the readers.
