Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	Interesting work. In my opinion, the choice of perioperative chemotherapy for liver resection was not very compliant with the guidelines (EPOC Study). Instead, I find the conduct for the resection of peritoneal metastasis correct and also very helpful, which often sees oncologists dealing with complex situations but to be evaluated on a case-by-case basis. In conclusion, I give my positive opinion for the publication.
