Review Form 3

PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	This manuscript highlights the importance of individualized, multidisciplinary approaches in managing metastatic colon cancer with peritoneal oligoprogession. It contributes valuable insights to optimize treatment strategies and improve outcomes in this challenging clinical scenario.	
Is the title of the article suitable? (If not please suggest an alternative title)	The current title is suitable	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	The abstract should clearly summarize the clinical dilemma, approach, and outcomes. Consider adding details on the significance of peritoneal oligoprogession and the broader implications for surgical timing in metastatic colon cancer cases.	
Is the manuscript scientifically, correct? Please write here.	Good	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Can be added more relevant studies	
Is the language/English quality of the article suitable for scholarly communications?	Good	
<u>Optional/General</u> comments	-	

PART 2:

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
