**PART 1: Comments**

	<b>Reviewer's comment</b>	<b>Author's Feedback</b> <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<b>Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.</b>	Study was not purely scientific but survey of people's perceptions on the insurgency's acts on the University in the North East of Nigeria. Infact, it was the methodology employed distinct it from documentary.	
<b>Is the title of the article suitable? (If not please suggest an alternative title)</b>	Suggested title that captured the body of the work has been provided as Survey of people's perceptions of insurgency' acts on Universities in North East Nigeria	
<b>Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.</b>	The abstract needs minor re-arrangement viz-a-viz the area of instrument validation mentioned to avoid placebo.	
<b>Is the manuscript scientifically, correct? Please write here.</b>	In as much it was accepted as survey study and not experimental as in the previous title is, closed to scientific in nature as much the methodology emphasize.	
<b>Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.</b>	Study needs more references as the issue of insurgency goes beyond Nigeria but its focuses is just on Nigeria's University in the North East	
<b>Is the language/English quality of the article suitable for scholarly communications?</b>	Study needs to correct some grammatical constructs as identified for free flow of information not only in Nigeria where issue is of recurrence but as well as in the diasporas	
<b>Optional/General</b> comments	Paper could be published subject to the modifications highlighted
