Title of the Manuscript:	Effectiveness of Vernacularized Educational Theatre in Reducing Salt Intake Among Hypertensive Patients in Nigeria
Type of the Article	Original Research Article

#### PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	<ol style="list-style-type: none"> <li>1. Hypertension is a big problem globally, change in lifestyle and diet are the things to maintain blood pressure, hence awareness is very important.</li> <li>2. There are number of ways for awareness like through print and electronic media etc but vernacularized educational theatre (VET) is the most effective.</li> <li>3. VET can put huge impact on public in form of drama because they are hearing and seeing in front of them.</li> <li>4. VET can play a huge role in spreading education effectively to maintain high blood pressure. Its necessary also because hypertension can lead to many serious medical problems if not treated or maintained.</li> <li>5. Reduction in salt intake is necessary to control high blood pressure.</li> </ol>	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Yes comprehensive	
Is the manuscript scientifically, correct? Please write here.	Yes,	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Yes	
Is the language/English quality of the article suitable for scholarly communications?	Yes but in appendix I many things are difficult to understand because of language used. These are dialogues of drama so these should be in easy and simple English language, so that others can get benefit.	
<b>Optional/General</b> comments	<b>Topic of manuscript is good. Introduction, materials and methods, results and discussion and conclusion all are written well. If conclusion part is elaborated, then its impact of manuscript will increase.</b>
