

**Review Form 3**

Journal Name:	<a href="#">Asian Research Journal of Agriculture</a>
Manuscript Number:	Ms_ARJA_128289
Title of the Manuscript:	Performance of consecutive sowing of Amaranthus (Amaranthus spp.) types in different planting systems under shade net condition
Type of the Article	

**PART 1: Comments**

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	It is very important study for the scientific community. Topic and theme of the manuscript in very useful to the researchers, but i can be written more efficiently. Abbreviations are identified on their first use in the main text of the article. Same quality of work is already reported by many researchers, it can be modified.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Abstract can be modified. It needs to be rechecked and be specific. Now it looks like a note/report.	
Is the manuscript scientifically, correct? Please write here.	Yes The superficially changes that I made on the MS text must be done for the acceptance of manuscript for publication. The English is generally understandable; however, the article needs to improve for publication quality, especially according to linguistic point of view. I couldn't find any information concerning the photographic documentation. Everywhere in the MS the term type is used, it can be rechecked, it could be genotype or variety.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Yes but Latest references can be added.	
Is the language/English quality of the article suitable for scholarly communications?	English is general.	
<u>Optional/General</u> comments	Manuscript should accept only after the major corrections.
