

Review Form 3

Journal Name:	South Asian Journal of Social Studies and Economics
Manuscript Number:	Ms_SAJSSSE_128712
Title of the Manuscript:	Challenges and Opportunities for Local Donors in Scaling Rural Water Supply Solutions in Tanzania
Type of the Article	Short Research Article

PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	The topic is relevant to the scientific community as it is useful in this digital era. I like the theme of the manuscript, but it needs major revision. The reason is that it does not follow the scientific structure and processes for the research and guidance of this journal.	
Is the title of the article suitable? (If not please suggest an alternative title)	Analyzing Challenges and Opportunities of Local Donors for Scaling up Water Supply Solutions in the Rural Areas of Tanzania	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	It should be revised by including the major objective of the study, main methods, and key conclusions briefly. The background information should be summarized in 2/3 sentences only instead of otherwise.	
Is the manuscript scientifically, correct? Please write here.	It needs to be revised to comply with the scientific process as follows: <ul style="list-style-type: none"> • Indicate the objective of the paper in the last paragraph of the introduction section precisely. • Better to include the significance of the study. • Revisit the theory review by summarizing the relevant theories and briefly mentioning other related theories. • Include more empirical studies. • Indicate what is the use of SPSS and NVivo in this study. What kind of data were analyzed by using this software? • Present results in a graph or table that was analyzed using SPSS and NVivo in the results and discussion section. In addition, elaborate and write in detail the results and discussion section. • Include the conclusions section before the recommendation of the study. 	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Only the relevant references that were reviewed in this study need to be included. Irrelevant references should be omitted and needs to include more recent literature in this paper.	
Is the language/English quality of the article suitable for scholarly communications?	Proofread needed.	
Optional/General comments
