

Review Form 3

Journal Name:	Advances in Research.
Manuscript Number:	Ms_AIR_129114
Title of the Manuscript:	Enhancing Productivity in Rice through Field Demonstrations under semi dry Condition in Ramanathapuram District, Tamil Nadu, India
Type of the Article	

PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	<p>This research holds significant importance within the scientific community due to the following reasons,</p> <p>The research demonstrates the usefulness of semi-dry rice cultivation under challenging conditions, offering an alternative to traditional water-intensive methods. This research contributes to the growing body of knowledge on climate-resilient agricultural practices.</p> <p>The project emphasizes knowledge transfer and partnership between scientists and farmers through Krishi Vigyan Kendra. It serves as a model about research institutions can effectively engage with local communities to foster the implementation of innovative technologies.</p> <p>The study bridges the gap between modern scientific advancements and traditional farming practices, empowering a balanced and sustainable approach to agricultural development.</p>	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Yes, it is comprehensive. The research could incorporate the experimental research design adopted for this study. Including this aspect would enhance the overall quality of the research.	
Is the manuscript scientifically, correct? Please write here.	<p>The addition of statistical tools will enhance the standard of the manuscript.</p> <p>In the body of the text, Tables 1 and 2 were referenced, but the tables were not included in the manuscript submitted for review.</p> <p>Incorporating a few images from the field demonstrations, featuring farmers and scientists, would help showcase the local context to the scientific community and provide better relevance to the study.</p>	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	It is sufficient and relevant. Recent references are also added.	
Is the language/English quality of the article suitable for scholarly communications?	Yes	
Optional/General comments	Motive of the research is appreciable	

Review Form 3

PART 2:

	Reviewer's comment	Author's comment (if agreed with the reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in detail)</i> No
