| <b>Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.</b> | Gigantomastia, is an uncommon disorder characterised by the development of excessively enormous breasts due to excessive breast tissue growth. It affects persons who were assigned female at birth. This manuscript is quite important as this condition reduced quality of life throughout pregnancy and was associated with both psychological and physical issues. Also, the management of this condition is a more challenging problem. |   |
| <b>Is the title of the article suitable?<br/>(If not please suggest an alternative title)</b>   | I suggest use the term of <b>gestational breast hypertrophy</b> instead of <b>gestational gigantomastia</b> .  |   |
