Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	This review paper is relevant and contextual for the scientific community because the growth of climate change is consistent and will be in the future in accordance with IPCC 2001 and Agriculture is highly climatic vulnerable.	
Is the title of the article suitable? (If not please suggest an alternative title)	I find it is suitable.	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Not at all. Abstract has a clarity issue in the absence of the well-practiced abstract format.	
Is the manuscript scientifically, correct? Please write here.	The manuscript is not scientifically correct. In general, the scientific paper carries introduction, objectives, methods, literature review, meta-analysis or critical analysis, discussion, conclusion and policy implications.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Reference is haphazard and disorder without following APA 7 th Edition. Out of 97 references, 30 percent references are only from 2019-2024. Concerning the last three years, there are only 6 literatures.	
Is the language/English quality of the article suitable for scholarly communications?	Having multiple fonts, the manuscript has language issues.	
Optional/General comments
