

Review Form 3

Journal Name:	Journal of Experimental Agriculture International
Manuscript Number:	Ms_JEAI_128340
Title of the Manuscript:	Sesame (Sesamum indicum L.) Response to Diuron Applied at the 3- and 4- Leaf Pair Stage of Development
Type of the Article	Research article

PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	Sesame seeds are versatile and offer numerous uses across different culinary and health-related areas. Here are some common ways they are used as follow Sesame seeds are packed with vitamins (e.g., B vitamins, vitamin E), minerals (e.g., calcium, magnesium, iron), and healthy fats.They are a good plant-based source of protein, making them suitable for vegetarians and vegans.Sesame seeds contain lignans like sesamin, which have antioxidant properties that may help reduce oxidative stress. Consuming sesame seeds has been linked to a reduction in LDL (bad) cholesterol levels and improved overall lipid profiles.The seeds have anti-inflammatory properties, which can help with conditions like arthritis.	
Is the title of the article suitable? (If not please suggest an alternative title)	In titled also added the city and country name	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Yes	
Is the manuscript scientifically, correct? Please write here.	Yes	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Sufficient but also used few recent references in Discussion	
Is the language/English quality of the article suitable for scholarly communications?	Yes	
Optional/General comments	Kindly written One Way ANOVA Test P value in the table bottom and also written the LSD value in the table bottom to Know that the Mean differences after One Way ANOVA test are significant or not significant.
