PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	Review has not been written properly, it should be elaborative and there should be figures and tables for better understanding of readers. Developing countries in the title has only covered North-Western Nigeria which is not correct. Comparison of anaerobic digestion technology and its combination with other technology should be compared in a figure or table so that it is comprehensible. Existing alternatives of the anaerobic digestion should be discussed in a separate section and need of this technology should be emphasized.	
Is the title of the article suitable? (If not please suggest an alternative title)	no	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	no
