

Review Form 3

Journal Name:	Journal of Scientific Research and Reports
Manuscript Number:	Ms_JSRR_128603
Title of the Manuscript:	In-vitro management of wilt disease of sugarcane through chemical fungicides at different concentrations.
Type of the Article	Research Article

General guidelines for the Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guidelines for the Peer Review process, reviewers are requested to visit this link:

Review Form 3

PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	The manuscript aims at reducing the wilt disease in sugarcane which is a serious threat to farmers involved in sugarcane cultivation. It also suggests a way to increase the sugarcane yield	
Is the title of the article suitable? (If not please suggest an alternative title)	Suggested Alternative Title: In-vitro management of wilt disease of sugarcane through optimization of chemical fungicides.	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	At the end of abstract, the authors could conclude their work or shall specify the outcome of work to the society	
Is the manuscript scientifically, correct? Please write here.	Since the work has involved chemical fungicides, it may have effect on environmental, hence, references shall be mentioned in the methodology part in order to provide authentic reference for the mentioned composition.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	The reference part is very less and few more recent articles shall be added in discussion part.	
Is the language/English quality of the article suitable for scholarly communications?	Yes	
<u>Optional/General</u> comments		

PART 2:

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
