### Review Form 3

#### PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	This minireview harnesses the potentials of cassava in the production of noodles. This is a needed necessity especially in regions where wheat is not cultivated and for healthy alternative for celiac disease patients. The challenges of the absence of gluten is a common occurrence that need to be surmounted in this process and this minireview explains how this can be done.	
Is the title of the article suitable? (If not please suggest an alternative title)	YES	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	YES but the methodology of the search must be included in the abstract, that is, the search engines employed for the study.	
Is the manuscript scientifically, correct? Please write here.	YES	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Many reference that were cited are not recent. Recent reference should be used and the citation should be in accordance with the requirement of the journal.	
Is the language/English quality of the article suitable for scholarly communications?	Yes but there are some grammatical errors that need to be corrected.	
<u>Optional/General</u> comments	<p>Reference citation should be done in accordance with the requirements of the journal. References are muddles up, these should be numbered and separated by paragraphs. Use recent references.</p> <p>The methodology, that is, serach engines employed in the review should be included in the abstract.</p> <p>This minireview is a needed subject for it harnesses the potentials of cassava in the production of noodles as well as suggests the methods of overcoming the challenges that may be faced in so doing. The topic is a timely necessity.</p>	

#### PART 2:

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<u>Are there ethical issues in this manuscript?</u>	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
