Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	This manuscript provides a crucial comprehensive analysis of tumor drug resistance, a critical challenge in modern oncology that significantly impacts patient outcomes. The exploration of resistance mechanisms detailed in the manuscript offers valuable insights into how cancer cells adapt and survive despite therapeutic interventions, presenting a vital resource for researchers and clinicians working to overcome treatment failures. The manuscript's examination of recent advances in combating drug resistance, including novel therapeutic strategies and biomarker development, contributes significantly to the field's understanding of how to enhance treatment efficacy. Furthermore, the discussion of clinical implications and future directions serves as an essential roadmap for the scientific community, highlighting promising research avenues and potential therapeutic targets that could lead to more effective cancer treatments in the coming years.
