PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	This manuscript is of importance to the scientific community especially in the area of poultry production and diseases. However, I am not satisfied with the report. The discussion section that would have brought out the beauty of the case report was scanty. I wish the authors can do a better revision. Nevertheless, the report area is interesting.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes. The title is suitable.	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	The abstract is ok.	
Are subsections and structure of the manuscript appropriate?	Yes.	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	The manuscript is fine. However, as I said earlier, more flesh should be added to the discussion section to make the manuscript scientifically robust. Some technicalities in writing are needed.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Yes, for a case report. However, adding a little more flesh to the discussion may definitely attract a few more references.	
Minor REVISION comments		
Is the language/English quality of the article suitable for scholarly communications?	Needs improvement
