PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	This manuscript holds significant importance for the scientific community as it provides an in-depth understanding of the challenges faced by livestock owners in Jabalpur Division, Madhya Pradesh, a region with considerable agricultural and livestock contributions to India's economy. By identifying and analyzing these constraints, the study sheds light on critical areas such as resource scarcity, veterinary services, market accessibility, and policy gaps. The findings can guide policymakers, researchers, and practitioners in developing targeted interventions, improving livestock management practices, and fostering sustainable livestock farming systems in the region and beyond. Additionally, it contributes to the broader discourse on rural livelihoods and food security in developing economies.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes, but it can also be as 'Analysis of the Constraints faced by Livestock farmers in Jabalpur Division of Madhya Pradesh, India'	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	The Abstract is good, but the author can include in summary, the research conclusion and recommendations. It should also include the method of data collection. The Key words should include 'India'
