

Review Form 3

Journal Name:	Physical Science International Journal
Manuscript Number:	Ms_PSIJ_122996
Title of the Manuscript:	Measurement Of Radon Concentration In Selected Buildings In Nnamdi Azikiwe University, Awka.
Type of the Article	Original Research Article

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	The Study is important for the society as Radon is the second leading cause of lung cancer after smoking, which is formed in soil and rocks in limited quality, disintegrates to compounds like radium then to radon which finds its way through cracks in the rocks to the outer surface and penetrates ground water.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes, correct	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Yes, its sufficient	
Are subsections and structure of the manuscript appropriate?	yes	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	In terms of Scientific correctness, the author measured radon levels in eleven different buildings in the campus using RD 200 Radon-eye detector. The indoor radon concentration was measured in both ground floors and upstairs. For this purpose they used Radon Eye detector (RAD200), a smart and Real time Radon Detector made in South Korea and has 20 times higher sensitivity than the other handy radon detectors.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	The authors are suggested to add some more new latest references.	
Minor REVISION comments		
Is the language/English quality of the article suitable for scholarly communications?	yes	
Optional/General comments	The authors are suggested to add some more new latest references.	

Review Form 3

PART 2:

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
