#### PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<b>Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.</b>	This manuscript is certainly insightful for the educational community. As a social science research, this article delves into the interconnectedness between psychological and emotional factors with effectiveness in teaching as well as classroom management. Given the changes in pre-service teacher education aiming at holistic development of students which implies an integrated approach of core discipline with teacher education, this article will help in framing good practices and teacher development programmes.	
<b>Is the title of the article suitable? (If not please suggest an alternative title)</b>	The title is appropriate.	
<b>Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.</b>	Abstract is adequate and I do not suggest any additions or deletions.	
<b>Is the manuscript scientifically, correct? Please write here.</b>	The review of literature and factual analysis of various research studies seem to bear out the findings. Hence, I would support the postulates in the article and hold the view that it is rational and scientifically proven.	
<b>Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.</b>	The author has supported the article with numerous references, both as part of the methodology used in the study, as well etymological and explanatory purposes. They are relevant and recent too.	
<b>Is the language/English quality of the article suitable for scholarly communications?</b>	Except for a few grammatical edits and punctuations, the quality of English language is lucid and suitable.	
<b>Optional/General</b> comments	Overall, the article is extremely relevant in the changing scenarios of curricular and pedagogical approaches which calls for a deeper understanding of teacher effectiveness.
