

Review Form 3

Journal Name:	Asian Journal of Research in Agriculture and Forestry
Manuscript Number:	Ms_AJRAF_130012
Title of the Manuscript:	Food Value of Native and Non-Native Tree Species in Tigray, Northern Ethiopia
Type of the Article	Original Research Article

PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	The manuscript is relevant to scientific community as it proffers solutions to nutritional challenge. It is an answer to an alternative source of protein to animal protein which is highly expensive nowadays. The plants involved can be locally sourced which would make nutritive value readily available to community.	
Is the title of the article suitable? (If not please suggest an alternative title)	YES WITH A LITTLE MODIFICATION Nutritive values of Native and Non-Native Tree Species in Tigray, Northern Ethiopia	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Yes, but it needs some corrections as pointed out.	
Is the manuscript scientifically, correct? Please write here.	YES	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	The references are sufficient. However, most of them are obsolete. They should be replaced by more recent ones	
Is the language/English quality of the article suitable for scholarly communications?	Grammatically, the write-up is bad. The author may need to engage the service of English language editor.	
Optional/General comments	The manuscript has a lot of typographical errors and it needs major corrections. Table 1 seems to be incomplete because some of plants mentioned in the results on the table are not there. Results are to be written to show no disparity between the tables and the reported results.	

PART 2:

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
