

Review Form 3

Journal Name:	Advances in Research
Manuscript Number:	Ms_AIR_127178
Title of the Manuscript:	Dyeing of Textiles with Eco-Friendly Natural Dyes: A Comprehensive Review
Type of the Article	

General guidelines for the Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guidelines for the Peer Review process, reviewers are requested to visit this link:

Review Form 3

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	Natural dyes have its own benefit along with environmental concern. Specially applying natural dyes in textile industry has greater benefits in terms of environmental sustainability. The aim of the manuscript abbreviated in 'abstract' is a comprehensive understanding of the potential and limitations of natural dyes in textile dyeing.	
Is the title of the article suitable? (If not please suggest an alternative title)	The title of the article should be more sustainability focus and suggests an in-depth exploration of advancements in natural dyeing, attracting readers interested in eco-conscious textile practices. For example: "Eco-Friendly Innovations in Textile Dyeing: A Comprehensive Review of Natural Dyes"	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Add some more detail of review work focus in abstract, like which articles and information's are used for the review.	
Are subsections and structure of the manuscript appropriate?	More details and figures can be added.	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	Add some statistical data how natural dyes can benefit textile industry in respect of environment concern, more research reference can be added to make the manuscript rightful.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	There are many recent references which can be added here. Prioritize information from recent and cited scientific journals and books.	
Minor REVISION comments		
Is the language/English quality of the article suitable for scholarly communications?	Language is okay but need to add some figures, tables, data and references to make the manuscript accepted as a scientific review work.	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
