

Review Form 3

Journal Name:	Asian Journal of Chemical Sciences
Manuscript Number:	Ms_AJOCS_130157
Title of the Manuscript:	Assessment of physico-chemical parameters in the western zone of Ebrié Lagoon (Côte d'Ivoire)
Type of the Article	Environmental quality assessment

PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	In the present article the author evaluated the quality of water by measuring various parameters. Due to rapid urbanization, fast growth industrialisation and increased human activities the water in the river, ocean and fresh water streams get polluted. Water is a vital commodity, both to sustain life and for the global economy. The researcher put an effort to clean the environment and ecology by finding the sources of pollutants, assessed water quality and remedies in order to keep the quality of water safe.	
Is the title of the article suitable? (If not please suggest an alternative title)	The title of the article is more relevant.	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Some content improvement in the abstract paragraph is needed.	
Is the manuscript scientifically correct? Please write here.	Its correct	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	The author quoted 30 references in the manuscript I think this is sufficient.	
Is the language/English quality of the article suitable for scholarly communications?	yes	
Optional/General comments	1 Its better to keep a particular pattern in the reference, for example- A reference will include authors' names and initials, the title of the article, name of the journal, volume and issue, date, page numbers. 2. In the page number 4, correct the formula means Expand form of MES should be mentioned.	

Review Form 3
