

Review Form 3

Journal Name:	Journal of Advances in Biology & Biotechnology
Manuscript Number:	Ms_JABB_129708
Title of the Manuscript:	Genetic variability, correlation and path analysis in bread wheat (<i>Triticum aestivum</i> L.) genotypes for yield and its attributing traits <i>aestivum</i> L.
Type of the Article	

PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	Research article. A collection of wheat samples was studied by phenology and genotype. An extensive analysis was carried out to correlate interactions across all economically valuable traits and the most important ones were selected to improve productivity.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	The abstract well highlights the problem of study and the conclusions of this study.	
Is the manuscript scientifically, correct? Please write here.	Research article for wheat breeding	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	The literature contains 17 references, of which 5 references refer to the last 5-10 years. It is enough to notify the problem of studying this article.	
Is the language/English quality of the article suitable for scholarly communications?	I am not a native English speaker and cannot accurately judge the quality of the translation	
Optional/General comments	The article is very interesting in terms of correlations between characteristics	

Review Form 3

PART 2:

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
