<b>Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.</b>	<b>The importance of the topic is that,</b> -Except in Europe, this crop is worldwide cultivated i.e. India, Eastern Africa, Central and South America, the Caribbean, and the West Indies -The trials have been carried out during two successive years. Thus, it allows to better investigate the effect of annual variations on the expression of the studied traits.	
<b>Is the title of the article suitable? (If not please suggest an alternative title)</b>	<b>The title is more appropriate</b>	
<b>Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.</b>	<b>The title is more comprehensive</b>	
<b>Is the manuscript scientifically, correct? Please write here.</b>	The scientific aspect of the manuscript is generally correct and acceptable.	
<b>Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.</b>	Only 10 references are used. I think this number is quietly insufficient. So, it is highly recommended to enrich the manuscript with more recent references (less than ten years old).	
<b>Is the language/English quality of the article suitable for scholarly communications?</b>	For the purposes of scientific communication, the English quality of the article is more appropriate
