Review Form 3

PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	Foxtail millet-based probiotic powder represents a novel and functional approach to improving human health. The combination of foxtail millet, a nutrient-rich grain, and probiotics, known for their beneficial effects on gut health, creates a powerful synergy. Probiotic powder forms are shelf-stable, making them easy to store and transport without compromising functionality. Such products align with the market's growing demand for health-promoting functional foods.	
Is the title of the article suitable? (If not please suggest an alternative title)	No The title of the article can be "Storage study of foxtail millet based probiotic powder" Since there isn't any proof of enrichment of protein or fibre in the study with the supplementation of protein or fibre or data on nutrient analysis	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Yes, the abstract of the article is comprehensive	
Is the manuscript scientifically, correct? Please write here.	Yes the manuscript is scientifically correct but here are important points missing especially regarding addition of probiotics, enhancement of protein and fibre or nutrient analysis	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	References are sufficient	
Is the language/English quality of the article suitable for scholarly communications?	Yes the language is good	
Optional/General comments	<ol style="list-style-type: none"> Need change in title to "Storage study of protein and fibre enhanced foxtail millet based probiotic powder" if details regarding enhancement of protein or fibre are including otherwise the title can be "Storage study of foxtail millet based probiotic powder" Need to add details on how probiotics are added to the mixture Nutrient analysis may be mentioned 	

PART 2:

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
