

### **Editor's Comment:**

Authors have responded to most of my previous comments. However, they must correct the following flaws prior to publication acceptance:

1. The keyword "Wood based industries" duplicates the same as in the paper title. Another keyword needs to be re-chosen.
2. Change "&" to "and" throughout the entire text.
3. In Table 2, a better word for "culturable" is "arable".
4. There are two different forms of literature citations in the text, "(SFR, 2011)" and "[12, 13]". Please choose one form to refer to the literature cited. Besides, if the latter form is used ("[12, 13]"), please arrange the sequence [1] as the first literature cited, not [12], [13] before [1]. If the first form is used, please arrange the list of references alphabetically according to the last name of the first author.
5. Punctuation, spelling/typing errors have been detected in the text. Please have a thorough proof check and English check.
