

**Editor's Comment:**

Still the manuscript needs modification. I think Review of Literature is not need. Better use those information in Introduction and Results are Discussion. Also please check the format of the journal. If the Authors agree, my decision is affirmative. **You can proceed for publication.**

**Editor's Details:**

Dr. Md. Abiar Rahman  
Professor,  
Agroforestry & Environment, Additional Director, IQAC-BSMRAU,  
Bangabandhu Sheikh Mujibur Rahman Agricultural University (BSMRAU), Bangladesh.
