

Editor's Comment:

The said manuscript is acceptable for publication. However, the following minor corrections are necessary:

1. All keywords duplicate the same as in the paper title. Other selections must be re-chosen.
2. All acronym names must be defined when first appear and be used thereafter.
3. Please unify the used of “%”, “per cent” and “percent”.
4. The reference listing must be alphabetically arranged according to the last name of the first author.
