

Editor's Comment:

The authors **should improve the following flaws prior to be accepted for publication:**

1. Insert country name "India" in the paper title.
2. All duplicated keyword should be re-chosen.
3. Please use "and" instead of "&" throughout the entire text.
4. Every table and figure should be referred to in the text (with one or two statements).
5. To save the valuable time of busy readers, the same set of results (data) should not be illustrated in both table and figure forms.
