

Editor's Comment:

The paper is ok for publication. One note: the 7th sentence in abstract should read (pandemic) "has caused", rather than "has causes".

I think the Appendix is useful (do not omit it) because it provides/summarizes (sub)themes and also shows participants' comments/excerpts.

Editor's Details:

Dr. Kleopatra Nikolopoulou
Professor, School of Education, University of Athens, Athens, Greece.
