

**Editor's Comment:**

The revised manuscript is acceptable of publication. However, the authors have to modify the following flaws:

1. Add country name "India" to the paper title.
2. Several duplicated keywords (same as the paper title) should be re-selected.
3. The word "graupel" is not easy to understand!
4. Please number all equations listed in the text.
5. Make sure the variable "n" and "N" in the equations is consistently used.
