

Editor's Comment:

This manuscript is readied for publication acceptance. However, a few comments may further enhance the quality of this manuscript:

1. In the abstract, no sub-headings are necessary.
2. Duplicated keywords (same as the paper title) should be re-chosen.
3. Since the reference listing is arranged in alphabetical order, the citation format in the text may be changed to "Author, year" instead of "[1]" or "[2]".
4. A thorough proof-check is also highly recommended.
